

# Ayden's eWhoring Guide

---

## Introduction

---

First off, I would like to thank you for purchasing this eBook. Hopefully with this guide, you can learn the tips and tricks that I used to make money with Ewhoring. Please remember, eWhoring takes time and does require some work and SE (SocialEngineering). Also, if you need any help just send me a private message over hf or skype (Noobzrmade)

## eWhoring On Grindrlist

---

Hello everyone, Ayden here. Once again I would like to thank you for purchasing this ebook. I have personally made over \$400+ with eWhoring (See picture below or on thread), I thought to my self "Why not make an Ebook about it?" so here it is. Oh, by the way... Just remember these are PEDOS, you could see a lot of dicks.

# *Step 1: The Start...*

---

Go to <http://www.craigslist.org>

By having a separate eWhore email, it makes it a lot easier to keep track of messages from potential people to get money from. Also by having an email they don't see that they send a message to  
l33thax0r@hotmail.com

If you have an email skip the following step.

1. Got to Hotmail.com Sign Up
2. Sign up with a name under your girls alias.

# *Step 2: Posting*

---

This is where it all starts. Now, get ready for your first post. You want to post something that will get mens attention, let them know your ready for anything.

At first, pick one specific area to target. I love to target on one area, so that im familiar with the area and learn who to talk/chat with.

1. Go to "Women Seeking Men" (Say your over 18, even if you are not)
2. Go to the "Post" in the to right of the screen
3. Post that "You are a woman" seeking "A man" then next screen put "Sex NSA" should be the bottom one and post
4. Doesn't really matter what you put in the title and description as long as you have a pic and she is hot then you will get responses from men of all ages. **MAKE SURE THE PICTURE IS SEXY.**
5. After you are done typing press "continue" at the bottom of the screen
6. Then you will get an email sent to the email you wished to receive the replies from and just do all that and your ad will be posted.
7. Press "Accept Terms of Use" and wait 10 min for your post to be added.

## *Step 3: Waiting For Replies*

Once your add is live you will get alot of posts from men in

the first 30 minutes. In the the mean time go play some PS3/XBOX or RuneScape.

## *Step 4: The Wait is Over*

---

1. Go to your email
2. Make sure you have ATLEAST 5-10 posts before you start this step.

Now from here you can go two different ways:

---

### *Version 1: (This is the only method I use)*

You are going to sell these men 'Naked' or half nude pictures of girls you have (Must be over 18). Sometimes men might ask you to write things on your hand or call them... If this happens end the chat with them.

### *What to say when getting the emails:*

1. I normaly send something like "Hey bby <3 Xoxo I'm selling some nude pictures <3 Are you intersted? <3 Thank you -Girls name here- XOXOX."
2. Many men won't reply to this and that is ok, we are only in it for the quick buck.

3. When getting a reply that they are interested, name your prices of how many pictures they get for the price. Everyone has their own price, thats for you to decide.

Example:

\$10 - 10 pictures.

If they are SUPER horney

\$20 - 10 pics.

---

*Version 2 (I find this method a lot slower and less effective)*

1. Reply back to each guy individually.
2. See what they want to do and basically prostitute yourself over the internet.
3. This is where it gets sketchy, ask them to send you the money first, or some amount of money so you at least have some gas money.
4. They will either go for it or ask you to prove your a real person.

---

*Extra Tips*

---

1. Avoid the people actually looking for a relationship.
2. Target the older men and the upper 20's guys.
4. Wait for their response and mass mail back.
4. You win some you lose some that is my theory.
5. eWhore at night (I get more money that way because of the area I target).

---

### **Things Not To Do:**

1. Dont ever go first (you'll get scammed every time).
2. Dont have a sketchy paypal email.

**eWhoring on t1g9pd.**

This is my private and one of the easiest methods to find men, i've made \$200 of this in one week. Just remember, eWhoring is like fishing... Sometimes you will catch a fish one day, the other day you will not. Not everyday you will catch a man that wants to buy nudes, or sometimes it might just be to hard to get him to pay up. It's all about

patience and waiting, i've quited a couple of times and come back due to how easy it is to make money per week. Last but not least, THANK you again for purchasing my ebook.

---

This method is going to VERY easy due to it being like the other method, just on another site with more people and less hackers trying to ewhore.

1. Please head over too <http://www.tagged.com/>.
2. Make an account. Make your account stand out from all the other girls. Make your name slutty and your pictures just as slutty, remember if you put any nudes on this site YOUR account will get BANNED.
3. Edit your profile and make it say something like *"Hey, My name is -Instert Name- <3. I'm 19 and currently single since my boyfriend dumped me :(... Imm currently broke and need money <3 so ill be selling some pictures ^\_^ Please contact my skype <3 if you want to chat more about this <3 xoxox <3 Love you, -Girl Name-.*
4. Now, you've fully setup your autopilot section of this guide. Just wait for people to add you on skype and work your magic on them.
5. If you want to boost your money making from this site, I suggest you go to 'Meetup' and click meetup with

everyone. Please will then start chatting to you on the site, just get them to add you on skype.

---

Tips:

- 1) Do not scam anyone, your account will get banned.
  - 2) Do everything off site.
  - 3) Use a VPN if you want.
  - 4) Make sure you NEVER go first.
  - 5) Make them super horny.
  - 6) Have fun!
- 

***Well, that's the end of the ebook. Once again a BIG thank you for purchasing my ebook. I really hope you enjoy it and make a lot of money from it. Remember to vouch on the thread.***
